

A message from the President

I would like to invite all members and associates to the 2010 COAA Educational Conference and Vendors Show in Guntersville, Alabama. I believe you will enjoy and find this year's change of site to be a refreshing and revitalizing time. We have worked hard to put a great educational program and vendors show together this year for you. I want to take the time to thank all who have had a hand in making this year's conference a future success. Members, as you know, the economy has affected us all and with shortfalls in revenues, I'm sure many of you will be faced with difficult budgets this year. The bottom line is most governmental budgets do not have the needed training dollars this year set aside to advance many of you in your training. The Board believes we have some of the best training available this year for the dollar. We have made a great effort to help reduce yours and COAA's cost this year without sacrificing the quality. I would like to thank all of you for your support you have given COAA.

Hope to see you there.....Alan Boswell
